Text Messaging Service

We have now started to offer patients between the age of 20 -50 text messaging service to book appointment, request sick notes, and any admin information that they might need. This is offered through AccuRx which we send patients in that cohort a link for them to follow and fill in details of their requirements. This service has proved very popular with patients in that cohort.

Asthma is a common lung condition that causes occasional breathing difficulties.

It affects people of all ages and often starts in childhood, although it can also develop for the first time in adults.

There's currently no cure, but there are simple treatments that can help keep the symptoms under control so it does not have a big impact on your life

WHAT ARE THE SIGNS AND SYMPTOMS OF DIABETES?

Are you worried that you, your child or someone you know may have diabetes? Having some diabetes symptoms doesn't mean you definitely have the condition, but you should always contact your GP, just to make sure.

COMMON DIABETES SYMPTOMS

- Going to the toilet a lot, especially at night.*
- Being really thirsty.*
- Feeling more tired than usual.*
- Losing weight without trying to.*
- Genital itching or thrush.*
- Cuts and wounds take longer to heal.*
- Blurred eyesight*
- Increased hunger.*

These symptoms can affect anyone - adult or child.
