Patient - SPA Maternity Referral Instructions to process self-referral for maternity care

If you have a positive pregnancy test you can now make your own online self-referral for your maternity care, without needing to see a doctor or nurse at the practice.

Our practice is now registered and listed on the online referral portal, so all you need to do to refer for your maternity care is visit the secure link below and provide the information requested. **You'll need your NHS number and the name of our practice, with which you must be registered.**

The information you provide will be used to process your referral by both the community maternity team assigned to our practice and the booking office of your chosen hospital within Birmingham and Solihull. A copy of your referral will also be shared with us, your GP Practice, for information.

Your NHS number: _____

GP Practice/ site you are registered with:

Click on this link or type into your browser using your mobile phone or digital device (laptop/ computer)

it's quick and easy and will just take a few minutes. This link can also be used to refer a pregnancy on behalf of a woman providing you have her consent.

IMPORTANT: You need to search for the GP practice site by the POSTCODE in the drop-down list to complete your SPA portal referral. Your referral can only be processed based on the information you provide and can delay your care if incorrect information is provided.

You'll be able to select from a number of hospitals to provide your antenatal care and for the birth of your baby; we have a number of birthing facilities:

Hospitals sites include:	Review websites for further information
UHB - Good Hope Hospital	https://hgs.uhb.nhs.uk/good-hope-hospital/
UHB - Birmingham Heartlands Hospital	https://hgs.uhb.nhs.uk/obstetrics-heartlands-hospital/
Birmingham Women's and Children's Hospital	https://bwc.nhs.uk/maternity

If you would like to refer to any other hospital then please speak with your community midwife at your first ante-natal booking appointment or contact your GP.
